### WORK EXPERIENCE

13/01/2020 – CURRENT Moscow, Russia

#### DIRECTOR UNDERWATER ARCHAEOLOGICAL SOCIETY

The Underwater Archaeological Society conducts scientific archeological research. My responsibilities include leadership and direct participation in research projects related to underwater archaeology and marine and river cultural heritage.

Participation in a joint project of the ANO "Underwater Archaeological Society" and the Institute of Slavic Studies of the Russian Academy of Sciences to create an exhibition "Corsairs of the Mediterranean Sea" as part of the year of history of Russia – Greece.

I have experience in using and data processing geophysical equipment for land and underwater archaeology.

I worked with Side-Scan Sonar, Magnetometer, Georadar, Aerial Photogrammetry using UAVS, specific software for archaeology like GIS, Surfer, Reefmaster, Metashape, 3D-editors and 3D-prints software. I have experience in creating photogrammetric 3D-models and Augmented Reality for reconstruction, movie making and creating museum expositions.
